## PROFESSIONAL CODE OF ETHICS

Please seek competent medical or psychological assistance from a qualified healthcare professional if you have a disease, illness or disorder.

Please seek competent financial assistance from a banker, broker or financial consultant before you make any financial transactions.

Please seek competent legal assistance from a qualified attorney at law if you have any legal problems.

I recommend every person act according to his or her own conscience for the greater good of all concerned.

I will strive at all times to give you the very best advice of which I am capable.

Tarot cards are not fortune telling cards nor are they used for fortune telling.

Tarot cards are neither good nor bad though they may be used to encourage, give hope and identify options for future behavior.

You alone are responsible for your own behavior.

I do not read for those under 18 years of age.

A Tarot reading is designed to provide guidance and support and to help you contact your own inner knowing. These readings are for guidance only – how you respond and react to them is up to you

Listen to your heart and remember that at a deep level you already know what is best for you. You have free will and are in full control of your own destiny.
